## Class 2 Oral's Questions

Date: 11-03-2024

Examiner: Thomas Maddison

Candidate name: Kori Adam

Duration: 1Hr 15 Mins

Result: Pass

1. A brief description of the kind of vessels you have sailed on and experience so far.
  2. He asked on take over procedures as a new second engineer on a vessel, what to expect.
  3. Asked about fuel pressure I've used onboard, ( wanted to know the sulphur regulations and limits)
  4. Asked on What to expect in lube oil and fuel analysis report.
  5. Talked on boiler, various tests carried out
  6. He asked on PMS, what it is and asked me to talk him through overhaul of a Unit on the main engine.( I discussed extensively from exhaust valve down to main bearing overhaul)
  7. He then asked to draw star delta connection and explain the circuit. He asked what to do and how to know when the motor is continuously running on star.
  8. He asked what fixed fire fighting we have and what routine maintenance are carried.
  9. He asked classes of doors and their requirements and where they are used onboard.
- These are the few questions I could remember as I did most of the talking. He said " you have already touched on most of the questions I intend to ask you so there is no more to ask. It's a Pass."
