Guys these are questions and some cross questions. And last question i answered but accept shock i know the answer but not sure so i did not answer and then examiner tell me the same which I thought.

And I thanks to ADITYA SIR and SHIVAJI SIR both have guided me well and sometime Aditya sir quite angry on me and realised me that what mistake I did.

And I prepared myself as Aditya sir and Shivaji sir and I follow the notes and attentive in class all the time. And not hesitate to ask silly questions also.

And my request to all please respond in class either wrong or right and give the chance to faculty to make us correct.

Thank u so much.
