Class 1 Oral's Questions

Date: 28 August 2024

Examiner: Andrew Lee

Candidate name: Divyam Dubey

Duration: 1Hr 10 mins

Result: Pass

Passport Check

Room check

Explain procedure and started recording

All questions went like a smooth discussion and there was a lot of cross questioning on all questions

- 1) Sailing experience
- 2) Taking over as a CE
- 3) Surveys and Documentation
- 4) List of Certificates to be found onboard
- 5) Loadline Details- Importance and concept of loadlines
- 6) Certificate of Class - Hull and Machinery
- 7) Discussion on Condition of Class with examples. Couple of scenarios he gave and asked what should be done in those cases. Example - 1 generator crankshaft broken and out of service, Critical equipment , Time allowed, Dispensation difference to Condition of Class
- 8) Observations, Non conformity, Major non conformity
- 9) Discussion on PSC; What things can a PSC surveyor check on the Engine room?
- 10) CMS survey - Surveyor attendance required, Examples of items CE can survey
- 11) Simulated EG blackout, Normal load, Essential services, Genr trips on full load what's the problem, wants to hear fuel filter choke
- 12) Ordering of fuel , how to calculate and all considerations
- 13) Fuel oil parameters , Analysis report etc
- 14) Bunkering - Pre preparation, During , Post checks , Shortage of fuel supplied what to do
- 15) Engine Performance , Indicator Diagrams, Power and engine condition assessment , Blowby, Scavenge fire scenario, lost of cross questioning
- 16) BW testing , foaming , priming
- 17) Tank inspection , Using cadet not allowed as per MLC, all things to check before authorising work, lots of cross questioning , O2 25 percent, calibration
- 18) Things mentioned in COSWP for enclosed space entry
- 19) 3E and 2E fighting, complaint procedure
- 20) MLC - CE role, AHU, Food and catering ,FW supply , Legionella

MUMBAI - 401 209, MAHARASHTRA, INDIA.

21) Sewage short discussion, toxic gases from sewage, UK seal.

EMAIL : umtcindia1234@gmail.com | PH : +91 9673855053, +91 7021406134

22) Dry dock checks . Rudder, Propeller, Hull checks, Shore power, Lots of x ques here,
Voltage and frequency different, effects of accepting reduced voltage and frequency ,
Phase sequence indicator, Air conditioning , FW in drydock , AC cooling water supply..

That's all I remember, surveyor was nice and polite and did not wait for me to mention any
particular point which he wanted , he would point me what he wants to know more about.
Smooth discussion.

Pass.

Feedback on SMS and Non conformity, Review of SMS and suggestions to company.
